## ATTACKS THE QUEEN

Castelar's Seditious Speech  
Arouses Ire of the Cortes.

LIKED TO MARIE ANTOINETTE.

Aged Republican Leader Breaks Out  
Against the "Austrian"—He May Be  
Prosecuted For Treason—Run  
on the Bank of Spain.

MADRID, June 2.—An article signed by Senor Emilio Castelar, the distinguished Republican statesman, which recently appeared in *The Petite Revue International* and which has been reproduced in several Spanish papers that are being prosecuted for the reproduction, has caused a great sensation. Senor Castelar attacks the queen regent, reproaching her with being a foreigner and unpopular and with interfering unjustifiably in political affairs. He compares her present position with that of Queen Marie Antoinette on the eve of the French revolution.

The matter came before the senate yesterday, Duke de Roca demanding the prosecution of Castelar and other senators expressing in violent terms their indignation at Senor Castelar's conduct.

Senor Capdepon, the minister of the interior, announced that the matter had already been placed before the law officers.

Marshall Martinez de Campos described Senor Castelar's conduct as "idiotic" and called upon the government to act energetically, declaring that parliamentary immunity must not be allowed to degenerate into impunity. He said he feared the chamber of deputies might refuse to authorize a prosecution.

The Duke of Teanan, minister of foreign affairs in the last cabinet of the late Senor Canovas del Castillo, and the president of the senate, Senor Montero Rios, indorsed the utterances of Marshal de Campos, while senators generally extolled the queen regent and protested against the obnoxious article.

El Imparcial, which represents the Republicans, handles Senor Castelar roughly for his "unpatriotic conduct" and reproaches him for accepting the post of counselor to an English company at Algebras and for "wandering idly in favor of foreigners." El Imparcial hints that "senility threatens to deprive Senor Castelar of the reputation of a great career."

Castelar's article has had all the senatorial effect because it seems to indicate that he has modified his decision to retire from public life in deference to the wishes of those desiring to put him forward as a possible president of a republic.

**Tenerife Blows Ray Death.**  
SPAIN, June 2.—The government of Asuncion has informed the United States consul at Asuncion, Mr. J. N. Haines, who had just returned from the central prison of the Spanish torpedero, that permission had been granted the Torpedero, which is disabled, to remain at Asuncion under the protection of Paraguay's neutrality until the close of the war between the United States and Spain.

## IN THE SENATE.

Marked Progress Made on the War Revenue Bill.

WASHINGTON, June 2.—Marked progress was made by the senate yesterday toward the final disposition of the war revenue measure. The committee amendments on nearly 60 pages of the bill were passed upon, and the senate nearly reached the principal questions at issue between the contending parties. These remaining questions have already been discussed pretty thoroughly and aside from a few set speeches yet to be delivered will not arouse probably more than desultory debate.

The interest of the session centered in the action taken upon the amendment of Mr. Gorman (Dem., Md.) levying a tax of one-quarter of 1 per cent upon the gross receipts of all corporations doing a business exceeding \$250,000 a year. By a direct vote upon it the amendment was rejected—27 to 24.

Mr. Pettigrew (Rep., S. D.) offered the Gorman amendment with the clause containing the \$250,000 exemption stricken out, but it was defeated by a vote of 25 to 37.

Mr. White (Dem., Cal.) then proposed the Gorman amendment so modified that it levies a tax of one-quarter of 1 per cent upon all corporations engaged in the refining of sugar or petroleum. The California senator explained that he desired to see a tax levied on the American Sugar trust and the Standard Oil company. The amendment prevailed by a vote of 33 to 26.

It was supported by 22 Democrats, 4 Republicans, 5 Populists and two silver Republicans and opposed by 24 Republicans and 2 Democrats.

Speeches were made by Mr. Chandler (Rep., N. H.), Mr. Hoar (Rep., Mass.) and Mr. Bate (Dem., Tenn.). Mr. Chandler devoted almost his entire time to a discussion of the financial question, advocating the issue of bonds and the coinage of the silver seigniorage and opposing the issue of legal tender notes. Mr. Hoar attacked some of the statements made by Mr. Chandler. Mr. Bate dealt with the general provisions of the bill from a Democratic standpoint.

## CONDENSED DISPATCHES.

Peru and Brazil have concluded a treaty defining the boundaries between the two countries.

The international chess chesses opened at Vienna and Pillsbury and Staunton won their games.

A home dispatch announced the postponement of the new Russian cabinet and said it was likely to have difficulty in securing a majority in the chamber.

It is reported that the new Russian cabinet will be formed in the near future.

Fifteen convicts overpowered the guards and escaped from the United States penitentiary at Lewisburg, Kan. James Moskova, leader in the mutiny, was surrounded in the woods near by and was shot to death.

## IN THE HOUSE.

Representatives at Work Again After a Five Days' Vacation.

WASHINGTON, June 2.—Yesterday's session of the house was given to the consideration and passage of a bill to remove all political disabilities incurred by the third section of the fourteenth amendment to the constitution. The debate gave rise to notable speeches from Mr. Grosvenor (Rep., O.) and Mr. Settle (Dem., Ky.) upon the obliteration of all sectional feeling and the reality at last of a reunited country.

Incidental to the debate several members reviewed the conclusion that a member of congress could not hold simultaneously a military and a civil office. The debate was brought on by a reference to General Joe Wheeler, now serving as a major general and until recently a member of the house. The statement that some states were unable to respond to the demands for volunteers called forth incidentally explanations, and an alleged interview with Mr. Overstreet (Rep., Ind.) upon the subject reflecting upon the loyalty of certain states was condemned by several members, but the discussion was declared out of order. The passage of the bill considered by the house will affect few parties, since the general acts passed in President Grant's administration and many special relief bills have removed all disabilities with the exception of these in a few hundred cases.

## KEENE IS DEAD.

The Famous Tragedian a Victim of Appendicitis.

NEW YORK, June 2.—Thomas R. Keene, the tragedian, who on Saturday underwent an operation at the S. E. Smith infirmary, New Brighton, N. Y., for appendicitis, died at the hospital at 5 o'clock yesterday afternoon. Mrs. Keene and the actor's brother and sister, William Eagleson and Margaret Eagleson, were at the bedside at the time the actor died. Mr. Keene, whose right name was Thomas R. Eagleson, resided at Four Corners, Staten Island, where he owned a pretty homestead.

Mr. Keene was 38 years of age and leaves a wife and a daughter. The latter belongs to the wife of Edward Ardren, an actor and is at present in Paris.

Mr. Keene was a Mason, being a member of Naval Lodge, No. 26, P. M. A. M., of New York, where he became a member July 16, 1875.

No arrangements have as yet been made for the funeral.

## Restored's Cargo Condemned.

KEY WEST, June 2.—The United States court at Key West yesterday found the cargo of the schooner *Restored* to be contraband and ordered it to be sold for the benefit of the United States.

**Englishmen Assailed by Spaniards.**  
LONDON, June 2.—A dispatch from Gibraltar, according to a dispatch from Gibraltar, reported that a British Major General J. B. Robertson, commander of the royal artillery at Gibraltar, and another Englishman, while they were walking at San Roque, seven miles northwest of Gibraltar,

## MEAGER REPORTS.

News of Schley's Attack on Santiago Unsatisfactory.

## THE GUNS SILENCED.

Washington Has Received No Official Account of Battle.

## SPAIN CABLES GREAT VICTORY.

Orders From the War Department Confirm the Rumors of Our Intention to Occupy Puerto Rico. Spain's Financial Condition.

CAPE HAITIEN, Haiti, June 2.—The daily bulletin issued by the French cable company here yesterday apparently confirms the news of Spanish origin to the effect that a battle has been fought before Santiago de Cuba, using, in French, the following terms:

"Santiago de Cuba, May 31.—Today at 2 o'clock the American fleet, composed of 14 ships, of which one appeared to be the New York and flew the flag of Admiral Sampson, and a few torpedo boats, opened fire on the forts and on the roadstead with heavy guns. The fire of the Americans appeared to be directed principally on the roadstead and on the forts of El Morro, Zocapa and Punta Garda. The cannonading was brisk up to 3:45. The shells fell in the bay, but did not reach as far as the town.

"After 3:45 the cannonading weakened, and cannon shots were heard in the offing. The Americans completely ceased firing after 4 o'clock in the afternoon."

At 2 o'clock yesterday the American steamer *Fanita* arrived at Cape Haitien from New York and Port de Paix. She reports that she did not see any warships.

The *Fanita* came half empty. She brought from New York a cargo of provisions for the navy, which she landed at Matthewtown, Great Inagua, in the Bahamas. Her captain says the rest of her burden is a heavy supply of coal, but there is good reason to suppose that it is something very different from coal.

The vessel is ostensibly seeking a cargo. If possible she will ship here seven roustabouts who speak Spanish. The captain is trying to engage Dominicans, and this is probably the chief reason for her coming to a port in this island.

It is expected that the *Fanita* will slip out before daybreak.

A dispatch from Santiago says: "The American squadron which bombarded Santiago Tuesday was composed of 14 vessels, among which were recognized the Iowa, the Brooklyn, the Massachusetts, the Texas and the New Orleans, besides a gunboat and an auxiliary cruiser believed to be the Columbia. The five vessels which were recognized opened fire on the batteries at Punta Garda, El Morro and Zocapa and also on the cruiser Cristobal Colon, which had advanced toward the entrance of the harbor and was visible from the high sea.

"The Americans fired projectiles of 32 centimeters, and the batteries, as well as the Cristobal Colon, kept up an incessant responsive fire. Two shots landed on the afterpart of the Iowa, causing damage.

"On the Spanish side the damage was insignificant. The American squadron withdrew at 6 o'clock Tuesday evening.

"Yesterday morning the American squadron reappeared before Santiago, but contented itself with firing two shots, which are believed to have been signals agreed upon with the insurgents, who, numbering 2,000 or 3,000, are said to have concentrated three or four miles from Santiago.

"Great events are expected hourly at Santiago. The Spanish authorities have taken extraordinary precautions and have placed in the narrow pass at the entrance of the harbor special contrivances which permit the closing and opening of the port at will."

The Spanish government, according to advices received here from Havana, intends to cut the cables which connect that city with Key West if the other Cuban cables are cut by the Americans.

The Havana papers, the same advices say, publish a dispatch from Madrid declaring that the Americans intend to attack Santiago by sea and that the insurgents are ready to attack by land and also to have a general insurrection at Guantamano, east of Santiago.

## Sampson Assumes Command.

WASHINGTON, June 2.—Admiral Sampson, who succeeded Admiral Schley in command of the American navy before and after the battle of Santiago, has assumed command of the fleet at Santiago de Cuba.

Admiral Sampson's fleet consists of the Iowa, the Brooklyn, the Massachusetts, the Texas and the New Orleans, and also the auxiliary cruiser *Cristobal Colon*, which had advanced toward the entrance of the harbor and was visible from the high sea.

## Brilliant Spanish Victory.

MADRID, June 2.—In the senate yesterday Count Casa Valencia asked if "the news of the American repulse at Santiago de Cuba was official."

The minister of marine, Captain Aunon, replied affirmatively, adding: "The news is a good augury for further victories, which the courage and high merit of our sailors give reason to hope for."

The senate then unanimously "noted with satisfaction the brilliant victory of the Spanish fleet."

## THE GOVERNMENT'S PLANS.

Rumors of Projected Invasion of Puerto Rico Officially Confirmed.

WASHINGTON, June 2.—For the first time since the beginning of hostilities there appears to be something in the nature of an official statement of the plan of campaign of the United States government. This is contained in a letter of Secretary Alger to the speaker of the house, transmitting certain recommendations and statements of General Ludlow which disclosed the purpose of the war department to send 70,000 men to Cuba, 20,000 to start at once and the remainder just as soon as they can be made ready for departure.

Then there was an estimate for establishing electrical communications in connection with the army "in Cuba, Puerto Rico and the Philippines," showing for the first time officially an implied intention on the part of the government to land troops in Puerto Rico.

Of course all these movements have been anticipated by the press, but nevertheless a strong element of doubt existed, and therefore the official statement of the government's purpose created a profound sensation here. The three are to go together, Cuba, Puerto and the Philippines, and pass into the military occupation of the United States troops. Inasmuch as the secretary says that the second contingent of troops is to go forward as soon as they can be prepared, a great deal of interest is attached to an order that was made yesterday at the war department providing for the organization of the 75,000 additional volunteers called for.

## SAGASTA FIERCE AS EVER.

Says Spain's Territorial Integrity Must Be Maintained.

LONDON, June 2.—The Madrid correspondent of a London morning paper says:

"Senor Sagasta has informed me that he attaches no importance to the visit to Gibraltar of Mr. George J. Goschen, first lord of the British admiralty. The government is not aware of any increase in the British garrison at Gibraltar. Senor Sagasta said he did not believe that any action had been taken there recently in any way connected with the war. Spain, he declared, had sent troops to Andalusia because there were special facilities in that province for embarking them for the Balearic islands, the Canaries, the Antilles and Spain's African possessions, which are now strongly fortified, 'in case,' as Senor Sagasta put it, 'any enemy might wish to emulate the insolent conduct of the Americans.'"

"Senor Sagasta repeated that Spain would never consent to any negotiation involving a diminution of her territory, but would wage war on anybody attacking her or attempting to rob her of her rights.

"He said he doubted whether the alliance so much talked about would be realized.

"I think," he observed, 'the object is only that of disclosing Europe's attitude. Something may be attempted, but nothing will be accomplished, and in the end each will do as it pleases.'"

"Senor Romero Giron, the new minister of the colonies, told Senor Romero y Robledo, the Viceroy, leader, that he would consider it ridiculous to think now of legislating for the colonies, as the only consolation that could be given now was in guns and bayonets."

## TWO MONITORS FOR DEWEY.

Monadnock Will Join the Monterey at Manila.

WASHINGTON, June 2.—Another indication that the permanent possession of the Philippines is the policy of this government was given today in preliminary orders to send the coast defense twin turret monitor *Monadnock* to Manila. This vessel is more formidable than the Monterey, now on the point of leaving San Francisco for the same destination, and with these two reinforcements Admiral Dewey will be in position to resist successfully any Spanish fleet which may be sent to dispute his supremacy.

Following quickly on the departure last week of the protected cruiser *Charleston*, enroute across the Pacific the advance guard of 2,500 American soldiers, together with the accompanying contingent of the United States army and the accompanying contingent of the United States navy, will be sent to Manila.

The *Charleston* is a protected cruiser of 2,500 tons, armed with two 10-inch guns and two 6-inch guns. She is the first of a new class of cruisers, the *Charleston* class, which will be built in large numbers. The *Charleston* is the first of a new class of cruisers, the *Charleston* class, which will be built in large numbers.

loading rifles in barrette turrets of eight inches thickness, in addition to two 4 inch rapid fire rifles and a secondary battery of eight smaller guns. Her engines develop over 3,000 horse power, driving her at a 12 knot speed, and her bunker capacity is 250 tons. She is practically of 4,000 tons displacement, 260 feet long, 55 feet beam and draws 14½ feet of water when fully equipped with all stores on board ready for sea.

For the last few months the *Monadnock* has been on guard duty in Puget sound, and her departure from the coast will leave no armored vessel in those waters.

## Lengthening Havana's Defenses.

KEY WEST, June 2.—A warship just in from the blockade reports that on Sunday morning a small Spanish gunboat came out of Havana and ran along the line of batteries, close in shore. Yesterday she again came out, venturing more than two miles from land. She was chased, and one shot was fired at her, whereupon she scudded back to port.

On Monday night a warship of the blockading squadron approached within five miles of Havana, clearly distinguishing whole rows of lighted streets, thus contradicting the rumors of Havana being in darkness.

The commander of the warship said new fortifications are in course of construction on Morro heights. A steam donkey carrying earth and sand is running night and day.

## Castillo Working For Peace.

LONDON, June 2.—The Madrid correspondent of *The Morning Post* says: Senor Leon y Castillo, the Spanish ambassador to France, at his recent conferences with the queen regent and Senor Sagasta was officially charged to ask the powers to intervene to obtain peace on such terms as would protect the honor of Spain.

"The ambassador will urge as a reason for such intervention the danger of a loss of trade to the powers themselves in the event of the continuance of the war. Political and diplomatic circles in Madrid believe that Castillo will succeed."

## An English Diplomat's Enthusiasm.

SCHENECTADY, N. Y., June 2.—During an entertainment in the leading opera house in this city last night the orchestra started to play "The Star Spangled Banner" and in a moment James Troop, the British consul general at Yokohama, Japan, who is visiting in this city, was on his feet cheering. He was accompanied by his wife and daughter, and they both helped him cheer. When it became known who he was he was given an ovation by the large audience.

## Bryan's Regiment Accepted.

WASHINGTON, June 2.—Secretary Alger has instructed Adjutant General Corbin to inform Governor Holcomb of Nebraska of the acceptance of W. J. Bryan's regiment for service under the second call for troops. The apportionment for Nebraska under this call was only 600 men, not sufficient to permit the apportionment of a colonel, but the war department has accepted the entire regiment raised, and Mr. Bryan will be its colonel.

## Capture of Alfonso XIII Unconfirmed.

KEY WEST, June 2.—The last report received from Commodore Schley, dated Saturday night, said nothing about the reported capture of the Spanish auxiliary cruiser Alfonso XIII by the United States auxiliary cruiser St. Paul or any other vessel. The officers of the St. Paul have heard nothing of the affair.

## HAWAIIAN QUESTION.

The Annexation Resolutions Will Be Considered Next Week.

WASHINGTON, June 2.—An understanding was reached yesterday whereby the Hawaiian resolutions will be considered in the house next week. They are to be taken up under a special rule that will be reported so soon as the revenue bill has passed the senate or has reached a point where the passage of the resolutions of annexation in the house cannot possibly delay the disposal of the revenue measure.

The understanding was arrived at after persistent endeavors upon the part of annexationists, the speaker, who has led so far in preventing consideration, being convinced that a large majority of the Republican representatives favored action upon annexation before adjournment.

This fact, the desire of the president and this wish of a majority of Republican senators making a party demand, resulted in an agreement that the house should be given an opportunity to pass the resolutions. There will be no caucus of Republicans. A request for a call has been served and days with Representative Grosvenor, chairman of the Republican party organization in the house, but when such a call will be made it is not yet known.

ST. PETERSBURG, June 2.—The Russian government has announced that a Russian soldier, who was wounded in the war between Russia and Japan, has been found alive and is being treated in a hospital in Japan.

## WURTSBORO.

**Will Celebrate the 4th-Anniversary of the Memorial Day Exercises - Other Notes.**

Correspondence of ARGUS and MERCURY.

—There will in all probability be an old-fashioned observance of July 4th in this village. Particulars will be given later.

—The band has been giving concerts at the stand nearly every Saturday evening for the past six weeks. It is expected to give another on Saturday evening of this week.

—Jacob Helm is finishing off rooms on the second floor of his planing mill for his occupancy during the summer, when his residence will be occupied by the genial George Stillberg and his family, of New York, who occupied "The Evergreens" last year.

—Sheriff Fulton and family spent Monday among friends. We also noticed here Frank Gilmore, of New York; George Bennett, of Apex; Mr. and Mrs. W. R. Bennett and family, of New York; Dr. Hubbell, of New York; Geo. J. Stengel, of Yonkers; Winthrop Dorrance and wife, Mrs. Rosa and daughters, of Middletown; also Messrs. Rice, McMullen, Kuhfeldt, Backman and Francis, of Ellenville, who enjoyed themselves immensely.

—Memorial Day was observed here and the exercises were attended by several hundred persons, many from surrounding towns in all directions. The day was perfect and the programme went through without a hitch. At 1 p. m. the procession formed at the Reformed Church and was led by the Phillipsport Drum Corps with the Wurtsboro Band following to Sylvan Cemetery. After decorating the graves of soldiers, while sacred music was played by the band, the procession returned to the Reformed Church lawn, where vocal and band music was discoursed and prayer offered by Rev. Mr. Hoag, a stirring patriotic address given by Rev. S. T. Clifton and the benediction pronounced by Rev. Father Aylward, of St. Joseph's Church. In the meantime tables had been spread on the lawn and a general invitation given to all to enjoy a bountiful dinner, which was contributed by our village people. The casual repairer came from Phillipsport and Summitville with over 100 people and a drum corps aboard, which on returning left Sullivan street dock at 5 p. m. While the committee that carried the programme out so efficiently are entitled and given the thanks of all, we should not lose sight of the fact that the observance of the day was conceived by Editor W. F. Hutchings, who worked unceasingly and alone for several days to bring about this fitting and well directed observance of the national holiday.

—The base ball game at 3 o'clock Memorial Day was between Ulsterville and Wurtsboro and resulted in a victory for the home team.

—The funeral of W. F. Hutchings will be held at the Reformed Church, Saturday, June 4th, at 10:30 a. m.

—The school closed Friday of last week. The teacher, Mr. Cunningham, of Wurtsboro, gave the best of satisfaction to the entire district.

—Mr. Cunningham and his school held a picnic at the school house Tuesday. There was a large gathering, and all present spent a pleasant afternoon. There was an abundance of good things to eat and drink, and J. V. M., of Wurtsboro, delivered a fine oration.

—The mails from this place until further orders will be sent out in the morning and received in the evening.

—John Brown had about forty chickens destroyed one night recently by foxes.

—All of our young people were at a party A. Healy's at "Oak Brook Farm," Tuesday evening.

—Miss Sybil H. Decker is home after an absence of four months in New Jersey.

—John A. Kopp, of Cocheaton, is visiting at John Hosier's.

—Will Scales purchased a fine Jersey cow of C. Caskey last week.

—Mr. and Mrs. Geo. Hosier were the guests of Mr. Hosier's parents, Sunday. Mr. H. returned to Monticello. Monday, and Mrs. H. is continuing her visit here.

—A number of our people are suffering from chills and fever.

—Mrs. Stevie Decker and son, Gilbert, are visiting at the postmaster's at Haven.

—Miss Nellie Jansen caught a four pound pike in the kill last week.

—Carp are to be seen on the swamp in schools since the heavy rains. From the way they make the water fly they must be monsters.

—Will Tucker and Harry Moore are home with their teams from Port Jervis where they have been drawing stone.

—"Little Remover" For Ladies.

Olivia Peterson, of Coldwater, Mich., writes: "I had not been able to sit up a half a day at a time for thirteen years until I used the *Mystic Life Renewer*. It has cured me of nervous troubles, headache and a very bad stomach. It has helped me in so many ways, and cured me of afflictions that the doctors said could not be cured. The blessed *Life Renewer* has done more for me than all the Patent Medicines, Doctors and Christian Science treatments combined. It is the most wonderful medicine I ever saw."

## WURTSBORO.

**Will Celebrate the 4th-Anniversary of the Memorial Day Exercises - Other Notes.**

Correspondence of ARGUS and MERCURY.

—There will in all probability be an old-fashioned observance of July 4th in this village. Particulars will be given later.

—The band has been giving concerts at the stand nearly every Saturday evening for the past six weeks. It is expected to give another on Saturday evening of this week.

—Jacob Helm is finishing off rooms on the second floor of his planing mill for his occupancy during the summer, when his residence will be occupied by the genial George Stillberg and his family, of New York, who occupied "The Evergreens" last year.

—Sheriff Fulton and family spent Monday among friends. We also noticed here Frank Gilmore, of New York; George Bennett, of Apex; Mr. and Mrs. W. R. Bennett and family, of New York; Dr. Hubbell, of New York; Geo. J. Stengel, of Yonkers; Winthrop Dorrance and wife, Mrs. Rosa and daughters, of Middletown; also Messrs. Rice, McMullen, Kuhfeldt, Backman and Francis, of Ellenville, who enjoyed themselves immensely.

—Memorial Day was observed here and the exercises were attended by several hundred persons, many from surrounding towns in all directions. The day was perfect and the programme went through without a hitch. At 1 p. m. the procession formed at the Reformed Church and was led by the Phillipsport Drum Corps with the Wurtsboro Band following to Sylvan Cemetery. After decorating the graves of soldiers, while sacred music was played by the band, the procession returned to the Reformed Church lawn, where vocal and band music was discoursed and prayer offered by Rev. Mr. Hoag, a stirring patriotic address given by Rev. S. T. Clifton and the benediction pronounced by Rev. Father Aylward, of St. Joseph's Church. In the meantime tables had been spread on the lawn and a general invitation given to all to enjoy a bountiful dinner, which was contributed by our village people. The casual repairer came from Phillipsport and Summitville with over 100 people and a drum corps aboard, which on returning left Sullivan street dock at 5 p. m. While the committee that carried the programme out so efficiently are entitled and given the thanks of all, we should not lose sight of the fact that the observance of the day was conceived by Editor W. F. Hutchings, who worked unceasingly and alone for several days to bring about this fitting and well directed observance of the national holiday.

—The base ball game at 3 o'clock Memorial Day was between Ulsterville and Wurtsboro and resulted in a victory for the home team.

—The funeral of W. F. Hutchings will be held at the Reformed Church, Saturday, June 4th, at 10:30 a. m.

—The school closed Friday of last week. The teacher, Mr. Cunningham, of Wurtsboro, gave the best of satisfaction to the entire district.

—Mr. Cunningham and his school held a picnic at the school house Tuesday. There was a large gathering, and all present spent a pleasant afternoon. There was an abundance of good things to eat and drink, and J. V. M., of Wurtsboro, delivered a fine oration.

—The mails from this place until further orders will be sent out in the morning and received in the evening.

—John Brown had about forty chickens destroyed one night recently by foxes.

—All of our young people were at a party A. Healy's at "Oak Brook Farm," Tuesday evening.

—Miss Sybil H. Decker is home after an absence of four months in New Jersey.

—John A. Kopp, of Cocheaton, is visiting at John Hosier's.

—Will Scales purchased a fine Jersey cow of C. Caskey last week.

—Mr. and Mrs. Geo. Hosier were the guests of Mr. Hosier's parents, Sunday. Mr. H. returned to Monticello. Monday, and Mrs. H. is continuing her visit here.

—A number of our people are suffering from chills and fever.

—Mrs. Stevie Decker and son, Gilbert, are visiting at the postmaster's at Haven.

—Miss Nellie Jansen caught a four pound pike in the kill last week.

—Carp are to be seen on the swamp in schools since the heavy rains. From the way they make the water fly they must be monsters.

—Will Tucker and Harry Moore are home with their teams from Port Jervis where they have been drawing stone.

—"Little Remover" For Ladies.

Olivia Peterson, of Coldwater, Mich., writes: "I had not been able to sit up a half a day at a time for thirteen years until I used the *Mystic Life Renewer*. It has cured me of nervous troubles, headache and a very bad stomach. It has helped me in so many ways, and cured me of afflictions that the doctors said could not be cured. The blessed *Life Renewer* has done more for me than all the Patent Medicines, Doctors and Christian Science treatments combined. It is the most wonderful medicine I ever saw."

A switch is being put in from the Erie short-cut to the Susquehanna at the Passaic junction to transfer freight over the Susquehanna road to the docks at Edgewater.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. ## REINFORCEMENTS FOR SCHLEY.

Decisive Battle at Santiago Expected Soon.

Washington, June 2.—The House committee on appropriations has reported an urgent deficiency bill of \$17,845,000, embodying many items for the Cuban, Philippine and Porto Rico campaigns.

BY ASSOCIATED PRESS.

WASHINGTON, June 2.—The House committee on appropriations has reported an urgent deficiency bill of \$17,845,000, embodying many items for the Cuban, Philippine and Porto Rico campaigns submitted, yesterday, by Secretary Alger.

Chairman Cannon said it was most urgent that the appropriation should be immediately made, and he wanted the House to act with a limit of thirty minutes debate on each side, with the idea of getting the bill through the Senate promptly and made a law to-day.

Chairman Cannon further stated that \$100,000 of the money called for by the urgent deficiency bill was absolutely necessary to be put in the hands of an official within a day or two for immediate action.

The House passed the bill.

## Commodore Schley Has Started in to Finish Things, To-day.

CAPE HAYTIAN, June 2.—The Americans have gathered a large fleet at Santiago de Cuba. The forts are in ruins and the Spanish warship, Cristobal Colon, was badly damaged.

Schley has started in to-day to finish things in Santiago.

In the fight the Spanish fired about 400 shots without damage to the American fleet.

## REINFORCEMENTS FOR SCHLEY.

COPYRIGHT BY ASSOCIATED PRESS.

KINGSTON, June 2.—Advice received here from Port Antonio says that Commodore Schley has been notified by the Navy Department that the battleship Oregon, the cruiser New York, another cruiser and two colliers have been sent to Santiago de Cuba.

## A FRAUD OR A JOKE.

BERLIN, June 2.—The German press strongly criticizes an article published in the newspapers generally and purporting to emanate from the United States Department of National Coast Defenses, urging German veterans residing in Germany or elsewhere, who have become citizens of the United States, either to enlist in its service or else contribute to the war fund.

Ambassador White, to-day, published a statement setting forth that the appeal is either a fraud or a joke as no such department exist and no such appeal has been authorized by the United States government.

## A BATTLE EXPECTED SOON.

WASHINGTON, June 2.—The Navy Department up to noon had received no official news of the Santiago bombardment.

It is believed that Sampson has already joined the fleet off Santiago. The battleship Oregon is also there.

The general impression is that the combined forces will make a serious attack, to-day or to-morrow.

## A BATTLE EXPECTED SOON.

CAPE HAYTIAN, June 2.—Sampson has joined Schley in front of Santiago de Cuba, making sixteen vessels in all. A movement of great importance is expected immediately and there undoubtedly will be a battle soon. It is stated that seventeen Spanish ships were counted in Santiago harbor, many merchantmen being among them.

## FRENCH DEPUTIES ELECT A PRESIDENT.

## AN ANGRY LONDON PAPER.

LONDON, June 2.—The Pall Mall Gazette is indignant at the arrest in Cuba of its correspondent, Mr. Robinson, and says his release must be insisted upon.

## BOSS QUAY WINS.

Pennsylvania Republican Convention Nominates His Candidates—The Platform Adopted.

HARRISBURG, Pa., June 2.—The Republican State Convention nominated Wm. A. Stone for Governor, J. P. S. Gobin for Lieut. Governor, Jas. W. Latta for Secretary of Internal Affairs, Galusha A. Grow and Samuel A. Davenport for Congressmen-at-Large, and William Porter for Superior Court Judge. This was Senator Quay's ticket.

The platform reaffirms the doctrines enunciated at St. Louis in 1896; approves the course of the President and Congress in the present war; rejoices with people upon the brilliant record which our navy has made; demands that the Government shall as rapidly as possible increase and build up our navy so as to meet all possible contingencies; affirms adherence to the doctrine of protection to American industries; demands that Congress shall make provision for a waterway between the Ohio river and the great lakes; favors the restriction of immigration of cheap foreign laborers; indorses McKinley's administration, and approves the fidelity and efficiency of present state administration.

When Wanamaker's name was put in nomination a letter was read from him, withdrawing as a candidate and asking his friends to vote for Chas. W. Stone.

The first ballot resulted in the nomination of W. A. Stone by the following vote: W. A. Stone 198; C. W. Stone 162; absent or not voting 2.

The only semblance of a contest in the convention was over the head of the ticket. Col. Wm. A. Stone, a member of Congress from Allegheny, was the favorite from the start and won on the first ballot.

The fight practically closed, yesterday, when Senator Quay advised his friends that Col. Stone was his choice. Mr. Wanamaker was the distinctly Anti-Quay candidate, and his backers claim his vote represents the sentiment throughout the state against the organization of which the senior senator is the head.

Senator Quay did not attend the convention. He came here, Monday night, from Washington and was in conference day and night with his lieutenants until this morning, when he started for the national capital.

Senator Boise Penrose stayed over to look after the interests of his colleagues.

Mr. Wanamaker remained at his headquarters at the Commercial Hotel during the proceedings of the convention. The candidates will meet to-night with the permanent chairman of the convention to re-elect John P. Elkin chairman of the State Committee to conduct what promises to be the hottest campaign in the history of the State.

## WHAT A BRITISH SHIP SAW AT SANTIAGO.

KINGSTON, Jamaica, June 2.—A dispatch from Port Antonio says the British cruiser Indefatigable returned here from Santiago de Cuba yesterday. She had been ordered to Santiago to assist the wounded in the expected naval battle.

From the bridge of the Indefatigable seventeen ships were counted through binoculars in Santiago Bay. This is supposed to be the full strength of Cervera's fleet. Some of the seventeen are probably merchantmen. Six American ships lay off the harbor and ten were circling around. On Sunday, Cervera sent out two torpedo boats, one being the Pluton. After an exchange of shots with the Brooklyn and Texas, they returned safely to the harbor. The Indefatigable is under orders to again proceed to Santiago, but is waiting for more surgeons.

## A SPANISH YARN.

MADRID, June 2.—The Spanish ambassador contends that the Cristobal Colon is the only important vessel at Santiago.

LONDON, June 2.—The Spanish ambassador in London, Count Rascon, is quoted as supporting the assertion made in Madrid that the Cristobal Colon was the only important Spanish vessel in the harbor of Santiago de Cuba during the recent engagement there.

One paper predicts that Cervera's movements are likely to furnish startling news in the near future.

## RELIGIOUS RIOTS IN INDIA.

G. E. Hustin was Wednesday appointed general superintendent of the West Shore Railroad in place of C. W. Bradley, who resigned.

## "K. G. RAYMOND" RECOGNIZED.

Identified in Goshen Jail as A. M. Davis, Professor of a Collapsed Klondike Scheme.

From the Paterson Press.

Three young men from Hackensack who went to Goshen to attend the Memorial Day races report that they saw and conversed with A. M. Davis in jail there. He had been accused of attempting to pass a check for \$12.50 drawn on a Newark bank.

Davis is the man who some months ago organized a Klondike expedition and had a dozen men from Hackensack and Paterson at the Pennsylvania depot in Jersey City ready to start. He said he represented the North Pacific Trading and Transportation Company, and had a number of checks cashed which were not honored.

## Baptist Sunday School Convention.

The fortieth annual Sunday school convention of the Hudson River Central Baptist Association will be held in Calvary Baptist Church, Warwick, on Tuesday and Wednesday, June 7th and 8th. There will be a number of interesting reports, addresses and discussions, calculated to incite and develop the talent of those who labor in that most important branch of christian effort.

Rev. Frank A. Heath will deliver an address at the Wednesday morning session.

## A Ring That Caused the Loss of a Finger

William Zimmerman, of Port Jervis, drove close to the sidewalk, Tuesday, and placing his hand on an awning support jumped from his wagon. As he jumped his hand slipped down the post and a projecting nail caught under a ring on the little finger of his hand. Both nail and ring held, and the result was that his finger was badly lacerated and was broken in two places. Amputation was necessary.

## Citizens' Electric Light Company Likely to Leave the Field.

The regular meeting of the Common Council does not occur until June 13th, but a special session, at which the lighting question will be settled, is likely to be held at any early date. It is understood that the Citizens' Company will withdraw from the field, and that the lighting of the city will go back to the old company.

## Returning to Camp Black.

First Sergeant A. E. Nickinson and Private Lester Robinson returned to Camp Black, to-day, on Erie No. 2. Their furloughs expire at 12 o'clock to-night. Capt. A. E. McIntyre returns on No. 2, to-morrow afternoon.

## Real Estate Sales.

—Russell M. Vernon, referee, sold at the Dill House, in Florida, last Friday, a tract of land in the town of Warwick, in a foreclosure suit brought by Sarah Hinkley, executrix, against Bridget and Patrick Fitzgerald. The property was bought in by the mortgagee.

—At the executor's sale of the estate of the late Samuel Jessup, at Florida, by N. D. Houston, executor, the farm consisting of eighty acres was sold to C. W. Jessup for \$3,175. This is one of the best farms in that neighborhood, and is considered a great bargain at that price.

# ARBITRATION'S ADVOCATES.

Fourth Annual Mohonk Conference in Session.

LAKE MOHONK, N. Y., June 2.—The fourth annual Mohonk conference on international arbitration assembled yesterday. Mr. Albert K. Smiley delivered a brief address of welcome, in which he suggested that discussion might be confined to arbitration and not extended to the existing war. Colonel G. L. Waring was placed in nomination and elected president. Dr. H. K. Carroll and Miss Martha D. Adams were chosen secretaries. A business committee was appointed, consisting of Professor I. B. Clark, S. B. Capin, Dr. B. F. Trueblood, Herbert Welsh, John I. Gilbert, Robert Treat Paine and Clinton R. Woodruff. Major Marshall H. Bright and Dr. H. K. Carroll were appointed a press committee and A. C. Wood and F. F. Browning an auditing committee. Dr. B. F. Trueblood then gave a review of the status of intervention and cited the three arbitration congresses held during the year, at which 15 cases had been submitted to arbitration during the present year. President L. Clark Seelye of Smith college followed with an impassioned appeal for arbitration. He was followed by Herbert Welsh, who pleaded for the recognition of arbitration as prescribed in the golden rule.

## MENOCAL GUILTY.

Civil Engineer Convicted of Negligence by Court Martial.

WASHINGTON, June 2.—Civil Engineer A. G. Menocal has been found guilty of inefficiency and negligence as a result of his trial on charges growing out of the faulty construction of drydock No. 3 at the Brooklyn navy yard.

His sentence, as imposed by the court, is suspension from rank and duty for a period of three years on furlough pay. The record and findings of the court were brought to the department yesterday by Lieutenant C. H. Lauchheimer, M. C., the judge advocate, who delivered them to Assistant Secretary Allen, who in the absence of the secretary was acting secretary. There is a prospect that clemency will be accorded Mr. Menocal in view of the fact that eight of the nine members of the court asked the department to mitigate the sentence.

Mr. Menocal will go on the retired list in September next, as he will then have reached the age of 62 years. Even if the secretary declines to mitigate the sentence now it is probable that just before the civil engineer retires he will receive the unexpired portion of the sentence in order that he may be honorably placed on the retired list.

## SPAIN'S FINANCES.

A Run on the Bank of Spain Presages a Serious Crisis.

MADRID, June 2.—The attention of the public is absorbed in the condition of the Bank of Spain, which is considered more serious than any reverse of the war, inasmuch as the impossibility of the bank to help the government means impossibility to continue the war.

There was a long procession at the bank during the day yesterday. All classes of people were represented, and many women were in line waiting their turn to change notes into silver, fearing the note would be shortly subjected to a discount.

If the run continues, there is danger of the bank's store of silver becoming exhausted, which would compel the government to resort to a forced currency, issuing notes of small denomination. It is hoped, however, that the panic will subside leaving the bank a margin of silver.

The financial outlook of Spain is rather dark. The government has intrusted the Bank of Spain with the negotiations for a loan of 1,000,000,000 pesetas at 4 per cent, which sum is to be raised as and when required. The bank will endeavor to raise the loan at home and abroad.

**Bad Fire in Montreal.**  
MONTREAL, June 2.—The Western abbatoir at St. Henry was burned yesterday in addition to a number of slaughter houses belonging to Masterman & Co. and some warehouses. Sixty cattle perished. Loss, \$200,000, insurance, \$60,000.

## IN THE ANIMAL KINGDOM.

When the sparrow hawk is swooping down on its prey, it cleaves space at the speed of 150 miles an hour.

There is a little cemetery for dogs in a corner of Hyde Park, London. On neat headstones their virtues are conspicuously commemorated.

Mr. John Elitch, of Denver, has a private menagerie, in which are hundreds of wild and curious animals. He occasionally rides in a little chariot drawn by a swift-pacing ostrich.

A notable gander belongs to James A. Kinkead, of Hardin county, Ky. It acts as a watchdog, and permits no stranger to enter the yard unless he is attended by a member of the family.

It is said that the castor oil plant is abhorred by nearly all members of the animal world; that noles may be driven from a lawn by planting a few castor beans in it, and that neither the terrible "army-worm" nor the all-destroying locust will eat it.

An elephant that has performed bloody service will soon be added to the attractions of the Berlin Zoological gardens. This animal is 80 years of age, and for a long time acted as executioner in India, where it was his duty to step on the heads of condemned criminals, and crush the life out of them.

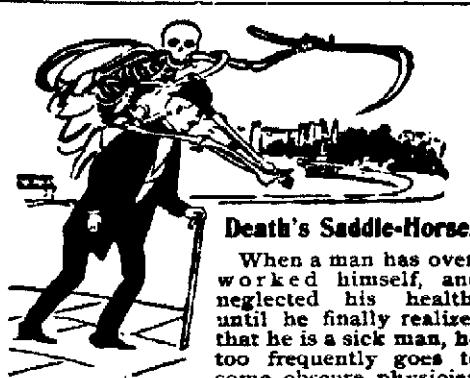

The smallest cows in the world are to be found in the Samoan islands. The average weights of the males do not exceed 200 pounds. The females usually average about 100 pounds, and are very stocky built, and are seldom taller than a Merino sheep. The color of these cattle is nearly all alike, a reddish mouse color marked with white. They have very large heads, and their horns are of exceptional length.

## POOR FELLOW.

Jack—How did you get so wet?  
Cholly—Walked six blocks in the rain.

Jack—But you have an umbrella with you.

Cholly—Yess; but me man wasn't teach to put it up, don't ye know.—N. Y. Truth.

## Death's Saddle-Horse.

When a man has overworked himself, and neglected his health, until he finally realizes that he is a sick man, he too frequently goes to some obscure physician who has had very little

experience or practice; the result is a wrong diagnosis and the wrong treatment. A man in this condition, if he continues to work and takes the wrong medicine, is really making himself a saddle-horse for death. Under these conditions, what a man really needs is the advice and treatment of a physician of wide experience and practice. Dr. R. V. Pierce, for thirty years chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., makes no charge for answering a letter from a man or woman in this condition. The institution of which he is the head is one of the greatest in the world. He has practiced in one spot right in Buffalo for thirty years, and his neighbors honored him by making him their representative in Congress. Doctor Pierce's Golden Medical Discovery cures indigestion, biliousness, impure blood, malaria, and wasting diseases. It cures 98 per cent. of all cases of consumption. Honest druggists supply it when called for and don't advise a substitute.

"Some time ago I wrote you and described my case," writes Mr. James Considine, of Patsy, Crawford Mo., "Dr. Pierce advised me to take your 'Golden Medical Discovery' and 'Pelle's'. I followed your advice, and by the time I had taken three bottles of the 'Discovery' and one bottle of the 'Pelle's' was greatly benefited. I became regular in my bowels, and the pain in my back left, and I have not had a chill since I got through taking the first bottle. I cannot recommend it too highly."

It used to cost \$1.50, now it is free. Dr. Pierce's Common Sense Medical Adviser, 1008 pages, Over 300 illustrations. For a paper-covered copy send twenty-one one-cent stamps, to cover mailing only, to the World's Dispensary Medical Association, No. 663 Main Street, Buffalo, N. Y.; cloth binding 10 cents extra.

**LIVES LOST AT SEA.**  
Jane Gray Goes Down Off Cape Flattery.

**THIRTY-FOUR PERSONS DROWNED.**  
List of the Dead—Ship Sank in Ten Minutes After the Alarm Was Given—Missionary Among the Victims.

SEATTLE, Wash., June 2.—The schooner Jane Gray, which sailed from Seattle for Kotzebue sound on the 19th of May with 61 persons on board, foundered Sunday, May 22, about 90 miles west of Cape Flattery at 2 o'clock in the morning while lying in a moderate gale under foresail. Ten minutes after the alarm was given she lay at the bottom of the ocean with 34 of her passengers. The remainder succeeded in embarking in a launch and reached this city yesterday afternoon.

Following is a list of the dead: Signor Gafa, Italy; Signor Besseta, Italy; Jack Lindsay, Everett; W. H. Gleason, Seattle; W. A. Johnson, Seattle; V. J. Smith, Seattle; C. G. Smith, Seattle; P. C. Little, Seattle; C. W. Young, Seattle; W. D. Millan, Seattle; Horace Palmer, Lebanon, O.; F. G. Saulsbury, Minnesota; A. B. Dunlap, Dwight, Ill.; B. D. Ranney, City of Mexico; B. E. Snipe, Jr., Seattle; John M. Stutzman, Westfield, N. J.; E. M. Taylor, California; F. S. Taylor, California; B. S. Spencer, California; W. B. Dorey, Edward Ritter, F. W. Ginther, B. S. Frost, W. H. Levering, William Otter, O. F. McKelvey, C. Brown, C. C. Atkins, N. Hedlund, Charles Williams, V. C. Gambel, wife and child, missionary on St. Lawrence Island, in Bering sea; one other name unknown.

E. M. and F. S. Taylor of California were sons of S. P. Taylor, a wealthy paper manufacturer of San Francisco.

It is possible that there are four or five more survivors whose names cannot be ascertained.

The Jane Gray's passengers were prospectors, with the exception of Rev. V. C. Gambel, a missionary, who with his wife and child was on his way to St. Lawrence Island, in the Bering sea. He refused to place his wife and child on board the launch, saying, "The vessel is doomed, and we will die together."

Among the prospectors was a party of 16 headed by Major Ingraham who were outfitted by Prince Luigi of Italy for a two years' prospecting trip in Alaska. Of this party the only survivors are Major Ingraham, L. M. Lessey, C. H. Packard and G. H. Pennington.

The survivors of the passengers suffered a great deal of privation, and for 30 hours their only food was a sack of prunes and a sack of turnips from the ship's stores. Sufficient water was caught by spreading a tarpaulin during a rainstorm.

**AT THE BALL GROUNDS.**  
The Omahas have signed Pitchers Al Mauck and Danny Monroe.

Donahue is now Chicago's star catcher instead of Kittredge. It is said that the latter will be traded.

Walter Wilnot is again practicing with the New Yorks. The injury to his eye has almost disappeared.

Lajoie is one of the most natural batsmen in the league. He seems to be able to hit any kind of a ball, whether high or low.

The Boston globe says the pitching department is the Boston club's weak spot.

## A War Measure.

Our war is one against weather and merchandise. Our goods are all bought with the distinct object of making a profit. But—18 clear days in 100—there's nothing to do but declare war on the common enemy, THE WEATHER, and we have charged our guns with high pressure values and taken a LOW AIM at your pocketbook.

# SAPOLIO

THE PROPER THING FOR HOUSE-CLEANING.

Eyes. Eyes. Eyes. Eyes.

R. D. KERNOCHAN,

17 North St., Middletown.

JEWELER. EYE SPECIALIST.

Eyes. Eyes. Eyes. Eyes.

"Who was that young man who stood out at the front gate so long last night," asked Mabel's father.  
"That was Herbert," she replied as she wiped the corner of her eye. "He came to say good-by forever."  
"Humph! I thought he must have some such ambition, and it's a good thing I slammed the shutters. He said good-by for two hours and a quarter as it was."—Washington Star.

An Observation.  
"Of course," said Willie Washington. "It's nonsense to say that the women of Spain are anxious to actively engage in an effort to annihilate Americans."  
"I don't know," rejoined Miss Cayenne, reflectively. "I understand that a great many of them are engaged in the manufacture of cigarettes."—Washington Star.

A Difference in Shade.  
Oh, should her papa chance to be a lordly millionaire.  
Then "Tinted-tinted tresses" is the color of her hair.  
But should a common sort of man be mentioned as her suitor,  
Why then she'd throw the red-headed she would set a comb or fire.  
—L. A. W. Bulletin.

### REFORM AND REFORMERS.

Small man (to the other)—Mark my words, ye are a-runnin' your health with smokin'. I can see it a-wastin' ye. Myself I stopped the pipe long ago. If I hadn't, I wouldn't be half the man I am!—London Judy.

Wanted the Whole.  
The actor dodged, as by his head  
A cabbage from the gallery sped.  
With hungry voice he cried: "Will you  
Just kindly throw the corned-beef, too?"  
—L. A. W. Bulletin.

Then He Called Her Down.  
"Your wife just called you up on the telephone."  
"Do you know what she wanted?"  
"Judging from her voice I think she wanted to call you down."—N. Y. World.

His Insignificance.  
Askins—That fellow, Small, is a person of very little importance, isn't he?  
Grimshaw—Yes; he cuts about as much figure in life as the middle part of a doughnut does in a square meal.—Puck.

The Size of It.  
Woman—How much for children's pictures?  
Photographer—Two dollars a dozen, madam.  
Woman—Why—er—yes; but I've only got nine.—Judge.

Not Very Well Acquainted.  
Lady Cyclist—Tom says I ride more gracefully than any other girl of his acquaintance. What do you think of that?  
Minnie—I think he should extend his acquaintance.—Tit-Bits.

Its Occupation Gone.  
Bill—I haven't heard you play your violin since you got married. I tell you, you made it talk!  
Jill—No, it hasn't had a chance to say anything since I got married.—Yonkers Statesman.

Brotherly Love.  
"True friendship a myth? No, indeed. Why, I know a couple of men, no relation to each other, and yet they are like brothers."  
"What are they fighting about?"—N. Y. World.

Wise Man.  
Wallace—I would not take a farm for that dog of mine.  
Ferry—I don't blame you. It costs a whole lot less to run a dog than it does a farm.—Cincinnati Enquirer.

Paradise Incomplete.  
Teacher—Now, Johnny, why did Adam and Eve leave paradise? Weren't they satisfied with it?  
Johnny—No; they didn't have no wheel.—Judge.

A Timid Suggestion.  
Coggins—There is something about the woman's face that reminds me of a recent work of art.  
Boggs—Perhaps it is the paint.—N. Y. Journal.

Quite Likely.  
Askins—Let me see! Who was it that said that money isn't everything?  
Grimshaw—Some poor fellow who had none, I presume.—Puck.

Unnecessary.  
"Do you carefully weigh your words when you write letters?"  
"No; the clerk at the stamp window always does that."—Chicago Record.

Almost 'Tis True.  
No pelting rain can make us stay  
When we have tickets for the play.  
But let one drop the sidewalk mark  
And it's too wet to go to church.

## IN CAMP AT HEMPSTEAD

THE QUESTION OF SENIORITY AGGRAVATING COMMISSIONED OFFICERS.

"Lottery That Put a Thirty Day Captain Ahead of Those Who Had Served Many Years—An Appeal to the War Department—Shower Baths to Be Provided."

CAMP BLACK,  
HEMPSTEAD PLAINS,  
June 1, 1898.

The commissioned officers of the 1st Provisional Regiment have addressed a communication to the War Department asking that the rank of the officers held under the National Guard be retained in the volunteer service. This is the result of the misunderstanding in the regiment and comes of a peculiar situation, by which the last captain elected ranks the officers who have served in the National Guard for five years or more. The commissioned officers were all brought into service at the same time. All took the oath and were mustered in together. Consequently, in the volunteer service, they have equal rank.

How to determine the seniority of rank was a question much mooted. It was argued by some that the ranks held in the National Guard should still be enforced. Others objected to this, declaring that under the volunteer service there was no distinction; that the government accepted them as so many recruits and former connection with the State organization should not carry any weight in determining the present rank. After debate, it was decided that the casting of lots was the only solution, and it was this game of chance that caused all the trouble.

Tuesday afternoon the drawing was conducted by Lieutenant Colonel Staepole and each man pulled out from the hat the number which would tell his rank. The result was rather surprising. Capt. Roach of Company C drew No. 1, and he was declared the ranking officer. This captain had been in the service for only a limited period and was elected April 30. Others who had occupied their places for five years were reduced. The full drawing resulted as follows: Capt. Roach, Company C; Captain Ferguson, Company G; Captain Hitchcock, Company H; Captain Staats, Company B; Captain Martin, Company F; Captain Sague, Company K; Captain Goodier, Company E; Captain Sheehan, Company L; Captain Gracie, Company D; Captain McIntyre, Company J; Captain Palmer, Company A; Captain Tompkins, Company M.

In point of service Goodier was the senior captain and McIntyre second.

This caused great dissatisfaction. A committee, consisting of Captains Gracie, Goodier and Hitchcock, called on Colonel Barber and requested the privilege of addressing the War Department. They explained that they wished the old National Guard system to hold good and desire that the length of service rendered should determine the volunteer rank. Colonel Barber talked over the situation for some time and gave his consent to the application. "I believe this is the only way to decide the matter," said one of the officers today. "The situation which places new officers above those who have been serving for years is absurd."

When the lieutenants drew lots for seniority much the same results followed. Co. I had no interest in this lottery since First Lieut. Wallace has not received his commission.

There is talk that shower baths are to be provided. If the scheme goes through a bath house will be erected in the rear of each company street. If this is done the comfort of the men will be greatly increased and the sanitary condition of the camp cannot but be benefited.

A curious circumstance in connection with the drawing for rank in the 22nd Regiment may be noted. When the lots were drawn it was found that every officer retained the rank which he held in the National Guard service. N. C.

## A Stranded Circus Man Run In.

An employee of Robbins' circus, now stranded at Campbell Hall, came to this city, Wednesday afternoon, to take in Pawnee Bill's show, and incidentally to look for a job. He failed to secure a job, and when he started for Campbell Hall on an O. & N. freight, after the show, Special Officer Skelton nabbed him and he was locked up over night.

This morning Acting Recorder Payne discharged him with a reprimand.

## Deerpark's Sheep Killing Dogs.

Mrs. Mary Monahan, of Shie Hollow, had two sheep and a lamb killed by dogs a few nights ago. Claims to the amount of \$250 have been filed against the town for sheep killed during the past two months.

## A Parcel of Trouble for the 24th Boys.

How the 24th boys are getting on is a subject of much interest to the community. The boys are getting on very well, and are much improved in appearance and conduct since they were mustered into service.

They are now in the hands of the War Department, and are being prepared for service in the field. ## ON THE TIP OF THE TONGUE.

The return of a member of the 24th Company to this city is a larger show to the most of us than a half-dozen Pawnee Bill's Wild West. We would rather crawl under a tent to shake hands with a soldier from Camp Black than be escorted to the press box by a half-dozen lackeys in uniform to see Pawnee Bill.

The 24th boys look as rugged as any of the hard worked riders of a wild west show and they are a great deal happier, though under a sterner discipline.

Some of the Pawnee Indians in the parade, Wednesday, recognized "Wild Jake" Blakeney, who lived near their reservation. Postmaster Dayton also lived in that section for a number of years and the Pawnees frequently crossed his farm in visiting. He didn't see any familiar faces in the parade, Wednesday.

The Indians, a dozen or so, attended by their care takers, visited Jacob Gunther's, Wednesday night, to take in the menagerie there. They were especially interested in the buffalo's head. This head won the admiration of Buffalo Bill, and the Indians with his show said it was the largest they had ever seen.

The visitors, Wednesday night, looked over the stuffed show, and one offered a beautiful string of beads and a pistol for the live, tame owl. They did not attempt to buy any drinks, doubtless knowing that they were "posted" and as the whites hadn't been paid any too recently "Jake" treated a few times.

Capt. Veber's police arrangements were perfect, Wednesday, and though there were a number of hard looking characters in the wake of Pawnee Bill's show no complaints were received by the police. The full force was on duty and no specials were needed.

Middletown was never better equipped with restaurants than at present. The places are neat, the menus extensive, the service good, and all that is needed to keep them going is enough hearty eaters.

The annual complaint is now made that storekeepers sweep refuse from their business places into the streets after the city employes have completed their work of sweeping the streets. This is wrong, and can easily be remedied by the purchase of a covered dirt can, which the city employes would empty into their carts and remove.

The criminal authorities were confident that they had made a good haul in the capture of "H. G. Raymond," whose wife, Mrs. Davis, of Hackensack, has been praying that they might live "honestly" together again, and they were right. He is a bad one, undoubtedly, and he'll not get out of Goshen without handcuffs on.

Two weeks from yesterday and all of the bass fishermen will be out in force. The season's promise is better than ever before in this vicinity. The reservoirs and the Walkill are alive with this gamey fish, and the opening of the season is awaited impatiently. Most of the first day fishermen will go to the Walkill, for the fishing is always best there in the early season, the reservoirs being at their best a month later.

## EASY TO DO

How to Tell if Your Kidneys and Bladder are Diseased.

Many people suffer from Kidney and Bladder Diseases without knowing the cause of their poor health; and still nothing is easier to find out. There are certain symptoms which never fail to tell the cause.

Upon arising in the morning, put some of your urine in a glass tumbler, allowing it to remain there till the next morning. Then examine it. If there is a sediment or powder-like substance at the bottom, it is positive proof that your kidneys are in a dangerous condition; but do not be alarmed. Dr. David Kennedy's Favorite Remedy, if taken promptly, will restore your diseased kidneys and bladder to a healthy condition again. It will also cure pain in the small of the back; scalding pain in passing water; frequent desire to urinate, particularly at night; and inability to hold the urine back, all of which troubles are due to disordered kidneys. Favorite Remedy is sold in the drug stores for \$1 a bottle.

SAMPLE BOTTLE FREE.—You may have a sample bottle and pamphlet of valuable information mailed you free if you send your name and address to the Dr. David Kennedy Corporation, Roadout, N.Y. This offer is guaranteed by the publishers. Be sure to mention this paper when writing.
